SKILLS

LANGUAGES

Python · SQL · Excel

LIBRARIES

Pandas · NumPy · Matplotlib · Seaborn · Scikit-learn

VISUALIZATION

Power BI

TOOLS

Git · Jupyter · VS Code

ANALYTICAL

EDA · Data Cleaning · Statistical Analysis · Dashboard Design

CERTIFICATIONS

- Excel for Data Analysis
- Power BI Analytics
- Python & SQL for Data Science
- Core Python

LANGUAGES

Hindi — Native

English — Professional

PROFILE

Data Analyst with hands-on experience building end-to-end analytics pipelines and dashboards using Python, SQL, and Power BI. Proven ability to work with real-world datasets to extract actionable insights and support data-driven decision-making across domains including energy, sales, and job markets.

1 Year Experience · 3+ Projects Delivered · 1,100+ Data Points Analyzed

EXPERIENCE

Data Analytics Intern

Dec 2023 - Dec 2024

ShapeMySkills

→ Cleaned, processed, and analyzed complex datasets using Python, SQL, and Excel to ensure data integrity and readiness for reporting

→ Performed in-depth EDA on 3+ years of electricity consumption data, uncovering seasonal trends and usage anomalies

→ Designed and deployed interactive dashboards in Power BI, enabling stakeholder self-service analytics

→ Applied ML models using Scikit-learn to build predictive components for analytics projects

PROJECTS

01 Job Market Pulse Analytics Pipeline

- Analyzed 1,100+ job listings end-to-end
- Revealed ~29% of roles concentrated in Bangalore; top 3 cities cover ~66%
- Built interactive Power BI dashboard for trend exploration

Python · Power BI · EDA · Data Cleaning · NumPy · Pandas

02 Sales Performance Analytics Dashboard

- Analyzed multi-period sales trends and KPIs
- Identified revenue concentration risks across product lines
- Built Power BI dashboard for executive reporting

SQL · Power BI · KPIs

03 Household Energy Consumption Analysis

- Analyzed 3 years of granular energy data to surface seasonal consumption patterns and demand peaks
- Generated actionable insights for energy optimization through statistical analysis and visual reporting

Python · Pandas · Seaborn · Statistical Analysis

EDUCATION

MCA — Master of Computer Applications
IGNOU · Pursuing — In Progress

BCA — Bachelor of Computer Applications
University of Lucknow — 78%
